REDISCOVER → CONNECT → LOVE

REDISCOVER YOUR NEIGHBOURHOOD.
CONNECT WITH THE PEOPLE AND PLACES IN IT.
LOVE WHERE YOU LIVE.

A SIMPLE THOUGHT CHANGED EVERYTHING..

- Not through another app.
- Not through another newsletter.

But by helping them see the place they already call home with fresh eyes

What if we could help people rediscover their....

NEIGHBOURHOOD?

WE BELIEVE...

Every neighbourhood has stories waiting to be discovered.

Every suburb has hidden gems.

Every street has incredible people.

Every local business has a story.

Most of us simply don't know they're there.

LET'S GO FIND THEM

HELLO

HYPERLOCAL

REDISCOVER WHERE YOU LIVE

SOMEWHERE ALONG THE WAY...

We stopped discovering what was around
the corner.

We know what's happening in New York.

We know what's trending on TikTok.

We know what celebrities had for
breakfast.

Yet we often don't know:

- The café two streets away.
- The family-run bakery.
- The local artist.
- The community market.
- The neighbour changing lives

THE PROBLEM ISN'T COMMUNITY

The problem is connection.

Information is everywhere.

Community is fragmented.

Facebook.

WhatsApp.

Email.

Word of mouth.

The information exists.

IT'S JUST SCATTERED.

IMAGINE INSTEAD...

Imagine discovering one amazing local business every week.

Imagine never missing another community event.

Imagine knowing exactly what's happening around you.

Imagine supporting local because it's easy.

IMAGINE BEING PROUD OF WHERE YOU LIVE.

THAT'S WHY HELLO EXISTS

Not to replace communities.

To strengthen them.

Not to compete with local businesses.

To help them grow.

Not to create another social network.

TO CREATE STRONGER NEIGHBOURHOODS.

OUR PURPOSE

Helping people rediscover their neighbourhood.

Because when people rediscover where they
live...

Carva

WHAT HELLO ISN'T

Hello isn't Facebook.

Hello isn't a noticeboard.

Hello isn't another directory.

Hello isn't just an app.

Hello is a movement to reconnect people with the places they call

HOME.

IMAGINE FIVE YEARS FROM NOW

Every suburb has its own Hello.

Every community feels connected.

Local businesses are thriving.

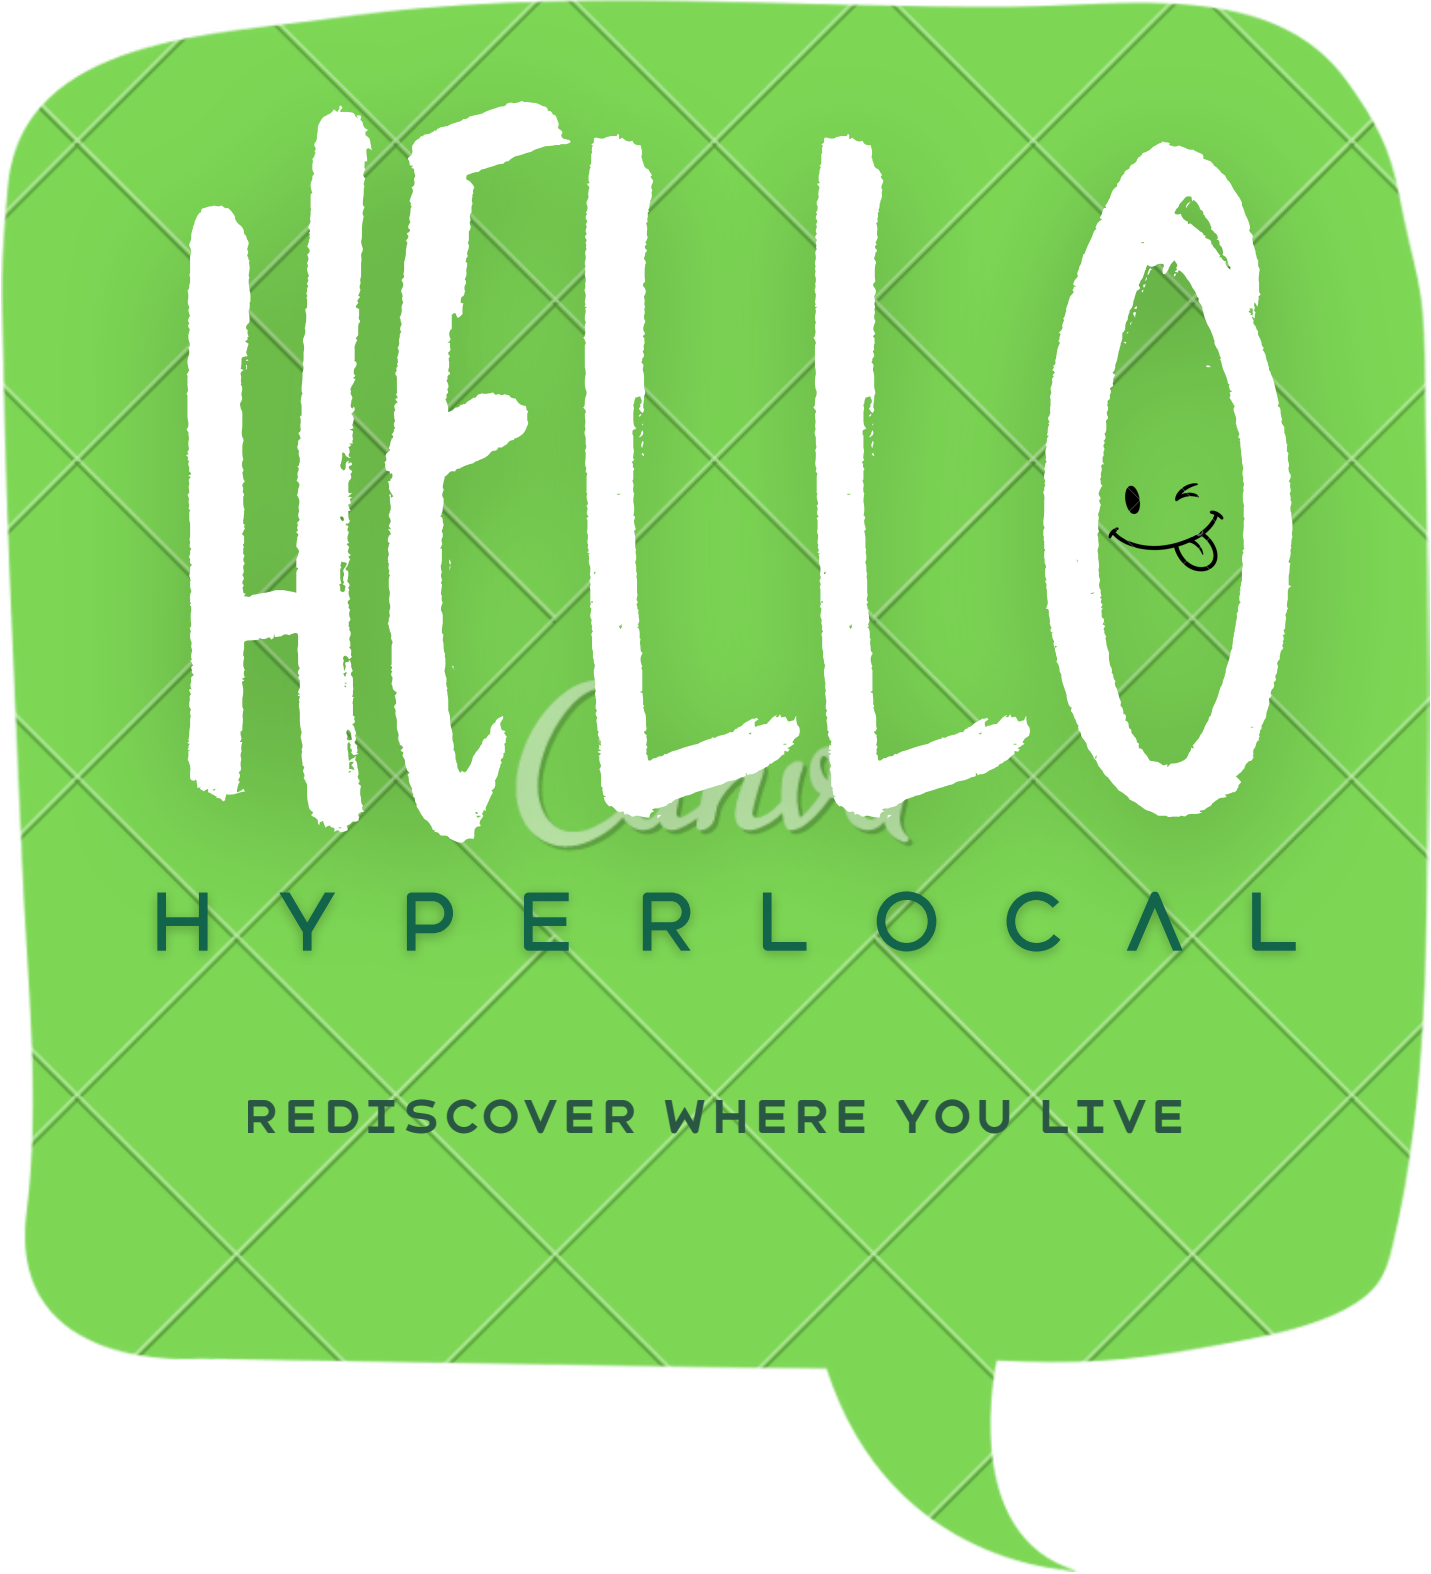

Residents know their neighbours.

Children grow up loving where they live.

Communities are stronger because they're more .
